

Scoring Matrix: CCCE Community Education & Workforce Grant Program

Education & Awareness

Criteria #	Criteria	3 Points	2 Points	1 Point	0 Points	Score
1	Problem Scope: How well does the proposal align with CCCE’s Strategic Plan, energy programs, and enable change by stimulating electrification of buildings, homes, and transportation? Does the proposal support existing CCCE Energy Programs?	If successful, the proposal would strongly align with CCCE's Strategic Plan, energy programs, and enable change. It would also strongly support existing or planned CCCE Energy Programs.	If successful, the proposal would mostly align with CCCE's Strategic Plan, energy programs, and enable change.	If successful, the proposal would somewhat align with CCCE's Strategic Plan, energy programs, and enable change.	The proposal does align with CCCE's Strategic Plan, energy programs, and enable change.	
2	Project Reach: How many people within the CCCE service area will the proposal directly educate that will directly or indirectly support existing or future CCCE Energy Programs?	The number of people served ranks above the 66th percentile of applications received in its subject area.	The number of people served ranks in the 33rd to 66th percentile of applications received in its subject area.	The number of people served ranks below the 33rd percentile of applications received in its subject area.	Proposal does not seek to conduct education or outreach.	
3	Project Goals and Objectives Does the proposal outlay specific, measurable, achievable, relevant, and time-bound goals?	The proposal is thoroughly defined with specific, measurable, achievable, relevant, and time-bound goals.	The proposal is defined with relevant goals and objectives that may or may not be achievable within the proposal timeline.	The discussion of proposal goals and objectives is incomplete. There is little explanation of how proposal objectives will be achieved.	Applicant does not discuss project goals and objectives are not included. There is no explanation of how proposal objectives will be achieved.	
4	Project Equity: Does the proposal reach and serve underserved communities such as Tribal lands, "at-promise" youth, workers whose jobs are at risk from electrification, and/or communities that are disproportionately burdened by multiple sources of pollution per the CalEnviroScreen 4.0?	Proposal outlines a well developed plan for reaching non-english speaking and/or underserved communities.	Proposal outlines a plan for reaching non-english speaking and/or underserved communities.	Proposal mentions serving non-english speaking and/or underserved communities but does not offer any plan for achieving this.	Proposal does not mention serving non-english speaking and/or underserved communities.	
5	Project Feasibility: Does the proposal/applicant: 1. Offer a well developed evaluation plan, schedule, and budget; and, 2. Experience with similar projects and budget?	Proposal outlines a clear and well planned project evaluation, schedule and budget and relevant experience that inspires confidence in accomplishing the proposal goals.	Proposal outlines an above average project evaluation, schedule and budget and relevant experience that inspires confidence in accomplishing the proposal goals.	Proposal outlines an average project evaluation, schedule and budget and relevant experience that inspires confidence in accomplishing the proposal goals.	Proposal fails to successfully outline project evaluation, schedule and budget and relevant experience that inspires confidence in accomplishing the proposal goals.
