Why Electrify?

- Reduce greenhouse gas emissions and improve air quality
- Improve efficiency and reduce maintenance costs
- Enhance occupant and community comfort with EVs' reduced noise and vibration
- Accelerate EV adoption for municipal fleets and increase available chargers

Eligibility

Member Agencies — the cities and counties that have joined the Central Coast Community Energy Joint Powers Authority.

Pure electric (not hybrid), new, registered with the California DMV and domiciled/charging in 3CE's service area.

Incentives

- From \$1,000 for an electric motorcycle to \$100,000 for a Class 8 heavy-duty vehicle

3cenergy.org/rebates/electrify-your-fleet-2/

Level 2 or Level 3 EV charger with at least one charging cable (port) located in 3CE's service area.

Incentives

- Level 2, up to \$5,000/port
- Level 3 Charger, up to \$100,000/project
