

3CE Fleet Programs and Services

Rebates and technical assistance for **Member Agencies**
(cities and counties that have joined the 3CE Joint Powers Authority)

Why Electrify?

- ⚡ Improve efficiency and reduce maintenance costs
- ⚡ Reduce greenhouse gas emissions and improve air quality
- ⚡ Accelerate EV adoption for municipal fleets and increase available chargers
- ⚡ Enhance occupant and community comfort with EVs' reduced noise and vibration

Plan Your Fleet

3CE offers Member Agencies (MAs) technical support for planning fleet replacement and procurement, and for EV charging infrastructure.

Eligibility

EV charging infrastructure project planning is offered to all MAs. Fleet project planning is offered to MAs without an existing fleet manager and/or an EV purchasing plan or purchase policy.
