

## PG&E - CCCE Joint Rate Comparisons

As a part of our mutual commitment to support your energy choice, PG&E and CCCE have partnered to create a comparison of our typical electric rates, average monthly charges and generation portfolio contents. Below you will find a representative comparison of our rates, average monthly bills and power generation portfolio content based on customer class. To find your specific electric rate, please scroll down to your rate plan to view the rate and bill comparisons.

## Definitions

**Generation Rate** is the cost of creating electricity to power your home or business. The generation rate varies based on your energy provider and the resources included in your energy provider's generation supply.

**PG&E Delivery Rate** is a charge assessed by PG&E to deliver electricity to your home or business. The PG&E delivery rate depends on your electricity usage, but is charged equally to both MBCP and PG&E customers.

**PG&E PCIA/FF** represents the Power Charge Indifference Adjustment (PCIA) and the Franchise Fee surcharge (FF). The PCIA is a charge to ensure that both PG&E customers and those who have left PG&E service to purchase electricity from other providers pay the above market costs for generation resources that were procured by PG&E on their behalf. "Above market" refers to expenditures for electric generation resources that cannot be fully recovered through sales of these resources at current market prices. PG&E acts as a collection agent for the FF surcharge, which is levied by the California Public Utilities Commission on behalf of cities and counties in PG&E's service territory for all customers. PG&E bundled customers pay the PCIA and FF fees associated with the most currently available vintage year. PG&E charges CCCE customers the PCIA and FF fees based on the year that they transitioned to CCCE service. Visit [3Cenergy.org](http://3Cenergy.org) for more information.

**Additional Messages**  
Monterey Bay Community Power provides electricity to the counties of Monterey, Santa Cruz, and San Benito entirely from renewable and hydroelectric resources.

MBCP is a not-for-profit public agency and sets its rates to be competitive with PG&E. MBCP also provides all customers with periodic rebates for their energy costs. Visit [mbcommunitypower.org](http://mbcommunitypower.org) or call (888) 909-6227 (MBCP) to learn more.

PG&E continues to provide all electric delivery, billing, and gas services for MBCP territory. Please contact PG&E for related issues.
