^Effective October 1, 2023 EM-TOU customers will be regrouped from E-6 to E-TOU-C in alignment with the time period change scheduled by PG&E.

*Holidays are New Year's Day, President's Day, Memorial Day, Independence Day, Labor Day, Veteran's Day, Thanksgiving Day and Christmas Day.

**Seasonal Flat Rate enrollment closed on October 31, 2021. Offered as part of 3CE's shift to a Cost-of-Service rate design model, Seasonal Flat Rate enrollment was available to eligible customers with the qualification that these Seasonal Flat Rates would end on January 1, 2025.

3CE Rates in PG&E Territory

Effective: April 1, 2025

POWER CHARGE INDIFFERENCE ADJUSTMENT (PCIA) & Franchise Fee (FF)

The Power Charge Indifference Adjustment (PCIA) is a fee collected by PG&E and assessed to customers who receive their electric ENERGY services from another provider. The PCIA is considered an "exit fee" assessed by PG&E to cover costs for departing customers; resources acquired prior to a customer's change in service providers, and to ensure their current customers are "indifferent" to costs associated with the departed customers. PG&E assigns customers a "PCIA Vintage" based on the date a customer's respective community enrolled in alternative service; this date is reset upon reenrollment if a customer opts-out and later re-enrolls in CCCE service. PCIA rates are generally updated by PG&E each January. The PCIA is charged on a per kWh basis based on net monthly usage, and is unaffected by time-of-use.

The Franchise Fee is collected by PG&E to pay for the right to use public streets for running gas and electric service through. This fee is imposed by cities and counties for all customers (including PG&E-only customers) but is collected separately from CCA customers. The Franchise Fee is charged on a per kWh basis, based on net monthly usage and is unaffected by time-of-use, nor will any city or county receive less from the Franchise Fee if they join a Community Choice Energy agency.

<u>Vintage Year</u>	PCIA	FF
2009	0.01071	0.00105
2010	0.01149	0.00105
